

FACILITIES *and* CAMPUS SERVICES

Employees of the Quarter

*January -
March 2020*

Bill Bryant, Alex Ribeiro, Bill Lampila, Rafael Rodriguez and Pattie Gordinier are the "go to" staff who have responded to the needs to fully clean and disinfect our Isolation Rooms, that are now heavily being used by Cornell students while COVID-19 test results are pending. During this time, there have been last minute requests to clean and disinfect these spaces quickly and effectively as isolation needs arise. Timely communications that these rooms were now ready were always passed along quickly. Each one also had to undergo a 2-hour training and N95 respirator fit testing to ensure theirs and others safety.

The SCL building care team was nominated by Robert Pils.
The award was "virtually" presented by Rick Burgess.
