

Employee of the Quarter

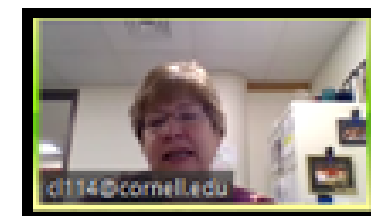

October, November, December 2020

FACILITIES *and*
CAMPUS SERVICES

Bill Lampila's quick response to several recent large scale floods on campus makes him well deserving of the Employee of the Quarter Award. Sprinkler pipe activations always seem to occur between the hours of 1am and 3am. Bill always answers the phone - no matter what the hour - and responds quickly to the flood emergency. Bill's quick response and technical knowledge on the carpet truck helps mitigate the potential damage and is instrumental in the water removal process. He has a can-do attitude when he arrives on campus and doesn't leave until the job is done. *Thank you, Bill!*

**Bill was nominated by Cindy Lockwood.
The award was presented virtually by Rick Burgess.**
